Hi!

I like animals. The zoo is the best place in the world. There chimpanzees sit in trees and eat bananas. You can see lions, tigers and camels walking around. Penguins wear a waistcoat in all weathers. The panda is often hiding. Sometimes there's even a kangaroo in the zoo.

I also like pets. My tortoise eats lettuce, and my rabbit always tries to run away. My dog jumps and looks for his ball.

At the weekend I often have a sauna and watch television or listen to the radio with my sister. I also chat with friends on my phone. Sometimes we go to the theatre.

Now I have to go!

Bye!
