

TASK 4

Challenge: You want to find out exactly what happened and you're going to ask one witness. The witness saw what happened, but is in shock. She can only answer questions with the words **Yes** or **No**, and can only answer a limited number of questions (10 – 15 at most).

- a) Think up possible Yes/No questions to ask to help you find out what happened. (Pairs)

- b) Ask the witness the questions. They will be written up so that you can keep track of the information you get.

STOP AND THINK! FIND A STRATEGY!

- c) If you still aren't nearer to finding out what happened, stop and look back at your thoughts and questions in tasks 2 and 3. Can you group the aspects of the scene you thought / asked about?

GROUPS:

- d) Decide which aspects of the scene are the most important to find out what happened and think of good questions about them!

- e) **REFLECTION:** Did the strategy work? How did it work?
